

Designer Series: Majestic

Imagine the Possibilities with **EcoStar**[™]
800-211-7170 • www.ecostar.carlisle.com

The building featured on the front is roofed in a blend of Beveled Edge, Beaver Tail, and Traditional Midnight Gray.

Stone Red Blend

Earth Green Blend

Chestnut Brown Blend

Cedar Brown Blend

Mountain Plum Blend

Smoke Gray Blend

Federal Gray Blend

Midnight Gray Blend

Black Blend

Note: Sample pieces, photographs or color samples may not accurately represent the true color level or variations of color blends that will appear on the roof. Before installation, ten tiles or so should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. EcoStar is not liable for color variations or shading. Tiles must be randomly blended for best results. Limited warranties carry terms and conditions.

Designer Series: Majestic Slate

The possibilities for architectural design are endless with the beauty and design of EcoStar®'s Majestic Slate™ Designer Series. EcoStar, a manufacturer of premium steep-slope roofing products, offers a distinctive look for steep-slope roofing applications. With the same testing and warranties offered by Majestic Slate, Traditional Designer tiles are an excellent architectural choice.

The unique lightweight formulation of the tiles is only one of the advantages. Like the traditional Majestic Slate product, the Designer Series offers long life (50-year warranty available), strength (Class 4 Impact Resistance), resistance to the elements (no freeze thaw problems), and flexibility (110-mph wind warranty available), with an added option of Class A Fire Resistance.

Explore the possibilities of the Majestic Slate Designer Series for your next roofing project. The look, the feel and the design will not only catch the eye of the public, but also add value.

Technical Information

- UL listed Class A fire resistance (UL 790) available
- UL listed Class C fire resistance (UL 790)
- Class 4 impact resistance UL listed (UL 2218)
- Nail pull through ASTM D3163
- Prolonged UV exposure ASTM G2695
- 50-year product warranty available
- 110-mph warranty

Three Distinct Styles

Beaver Tail: The rounded look makes this classic slate tile perfect for designing unique roof patterns or simply creating a true carriage house appeal.

Beveled Edge: The look of scalloped edges in a hexagonal pattern makes Beveled Tiles a classic. This rare style can be intermixed with traditional slate tiles or used separately for historical applications.

Chisel Point: The Chisel Point tile forms a beautiful diamond pattern on the roof, reminiscent of European roof designs.
