

Majestic Slate Traditional

(800) 211-7170 • www.ecostar.carlisle.com

The building featured on the front is roofed in Midnight Gray.

majestic slate traditional tiles

Step in a new direction where beauty accompanies strength and tradition meets innovation in a revolutionary premium roofing product: Majestic Slate™. Manufactured by EcoStar®, the leading manufacturer of premium steep-slope roofing products, Majestic Slate combines today's best materials into an exciting roofing product for home and business alike.

Available in nine colors and two widths (10" & 12"), Majestic Slate was designed to emulate the look and feel of natural slate. In comparison to natural slate, Majestic Slate is substantially less in weight and is produced using some of today's strongest, most flexible materials, including rubber (EPDM) and plastic (TPO).

The unique formulation of Majestic Slate creates a lightweight, durable tile. It offers many advantages including long life (50-year warranty available), strength (Class 4 Impact Resistance), flexibility (110-mph wind warranty available) and resistance to the elements (no freeze/thaw problems).

Majestic Slate is also an economical choice. Ease of application makes the installed cost considerably less than natural slate. With EcoStar's commitment to using authorized applicators, homeowners and business owners know that they

will get quality craftsmanship to match the quality of our 50-year warranty.

In a world of diminishing resources, Majestic Slate offers a unique opportunity to purchase a strong and attractive roofing system while supporting the use of recycled building products. As sustainable building products continue to grow in popularity, Majestic Slate offers a positive environmental and strong economical choice.

Curb appeal is everything when it comes to the look of your home, but protection from the elements must be a priority. Majestic Slate offers both beauty and protection for your life style.

Stone Red Blend

Earth Green Blend

Chestnut Brown Blend

Cedar Brown Blend

Mountain Plum Blend

Smoke Gray Blend

Federal Gray Blend

Midnight Gray Blend

Black Blend

Note: Sample pieces, photographs or color samples may not accurately represent the true color level or variations of color blends that will appear on the roof. Before installation, ten tiles or so should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. EcoStar is not liable for color variations or shading. Tiles must be randomly blended for best results. Limited warranties carry terms and conditions.
